

***HIGH QUALITY MOBILE SPEECH PATHOLOGY SERVICES
with over 10 years of experience***

We provide client-centered services to adults experiencing communication, cognitive and swallowing difficulties. This includes individualised assessment, management and education.

Services are delivered in your home or through telerehabilitation - services over the internet!

We are also aligned with multiple funding sources including:

- Private Health Companies
- Lifetime Support Authority (LSA)
- National Disability Insurance Scheme (NDIS)
- Department of Veterans Affairs (DVA)
- And others.
